particularly evident since 9/11 and he named Paul Wolfowitz, Scooter Libby and Douglas Feith, the former under secretary of Defense for Policy for United States president George W Bush, as the architects of the Iraq War. He said war with Iraq was pursued because Saddam Hussein supported the families of Palestinians who were arrested in Israel.

Giraldi said that Americans' liberties are under attack, such as free speech under anti-Semitism laws that prohibit criticism of Israel. 70% of Biden's administration is Jewish, and almost all positions in national security and foreign policy are held by Jewish people. They retain power no matter who the president is and which party controls Congress. News reports indicate that Trump has been offered \$100 million from Miriam Adelson in exchange for Israel taking over the West Bank to create a single Jewish state. Israel has led America into decades of war. Giraldi says that Israel need the US to fight its wars because it cannot dominate the Middle East without US involvement. Netanyahu and Israel hope to expand its border to 'Greater Israel' that includes Jordan, Lebanon, swaths of Egypt, Syria, Iraq and Saudi Arabia (see map).

America is being harmed by our leaders. Our  
leaders are Jewish or controlled by Jews, from  
Blinken to AIPAC handlers for Congress.  
America needs to stop funding Israel. Jewish  
power is killing our country.

“They retain power no matter who the President is and which party controls congress.” Trump has already received an advance of 100 million. Dear people, Washington DC doesn’t work for us. It works for other individuals.
